

## Specifically To Delight Me

Not everything's for everyone,  
But baby, this is for me.  
I don't need it to be great, or good,  
Just made specifically.

Specifically to delight me.  
To take it away you'll have to fight me.  
If you don't like it, you can bite me.  
It's specifically to delight me.

So Xander's maybe not at his best,  
And Anya's a little twee,  
I don't need you to love it,  
It's delightful to me.

Specifically to delight me,  
And on that point you can cite me,  
Say you hate it just to spite me,  
Cuz it's specifically to delight me.
