

## The Top Of The List

Look back on your time with Buffy,  
And there's one thing that sticks in your head,  
It's not Dawn's big surprise, and it's not "close your eyes",  
It's The Body, and Joyce lying dead.

*Yeah, that's tragic and sad,  
And it sure isn't bad,  
But this goes at the top of the list.*

Fool for Love has all of the drama,  
And Spike x Buffy's your crush,  
And have you forgotten the horror and awesome,  
Of the gentlemen, voiceless in Hush?

*Yeah, Spuffy's my ship,  
And Hush is a trip,  
But this goes at the top of the list.*

A story's defined by its ending,  
Remember that demonic rift?  
Buffy choosing to die, and failing to fly,  
And giving the whole world her Gift?

*But Buffy came back,  
The light through the crack,  
And this goes at the top of the list.*

*I'm not screwing around,  
And my foot's going down,  
It goes at the top of the list.*
